

The 5th Israel-Italy Meeting on Advances in Rheumatology and Autoimmunity

Rappaport Faculty of Medicine-Haifa **15th of December-2016**

Presidents: Prof. Elias Toubi, Prof. Yehuda Shoenfeld

08:30 – 08:45
08:45 – 09:00

Arrival; Coffee and Refreshments
Welcome

Prof. Eliezer Shalev, Dean of the Rappaport Faculty of Medicine, Technion, Haifa
Prof. Elias Toubi, Division of Allergy and Clinical Immunology, Bnai-Zion Medical Center, Technion, Haifa
Prof. Ori Elkayam, Israel Society of Rheumatology
Prof. Nancy Agmon-Levin, Israel Society of Allergy and Clinical Immunology

Session I

Chairpersons: Prof. Aharon Kessel (IL), Prof. Claudio Lunardi (It), Prof. Itzhak Rosner (IL)

09:00 – 09:20

Prof. Roberto Perricone - Clinical Immunology, University of Rome Tor Vergata , Rome
Autoantibodies and complement in inflammatory arthritis

09:20 – 09:40

Prof. Nicola Bizzaro – Laboratory of Clinical Pathology San Antonio Hospital, Tolmezzo
Harmonization in autoimmune diagnostics

09:40 – 10:00

Prof. Ori Elkayam – Department of Rheumatology, "Sourasky" Tel Aviv Medical Center, Tel Aviv
Personalized medicine in rheumatology: are we there?

10:00 – 10:20

Prof. Howard Amital – Department of Medicine B – Sheba Medical Center, Tel-Hashomer
JAK inhibitors in rheumatoid arthritis

10:20 – 10:40

Prof. Roberto Giacomelli – Rheumatology, University of L'Aquila
Mesenchymal stem cells at the crossroad between endothelial damage and fibrosis in systemic sclerosis

10:40 – 11:00

Prof. Claudio Lunardi – Clinical Immunology, Department of Medicine, University of Verona
Immunodeficiency and autoimmunity: two sides of the same coin

11:00 – 11:20

Coffee break

Session II

Chairpersons: Prof. Mahmud Abu-Shakra (IL), Prof. Andrea Doria (It), Prof. Gleb Slobodin (IL)

11:20 – 11:40

Prof. Yehuda Shoenfeld – Zabludowicz Center for Autoimmune Diseases, Sheba Medical Center, Tel-Hashomer
Adjuvants, autoimmunity and lymphoma

11:40 – 12:00

Prof. Andrea Doria-Rheumatology, University of Padova
The management of SLE patients in remission

12:00 – 12:20

Prof. Mauro Galeazzi – Rheumatology, University of Siena
Efficacy and safety of IL-1 inhibition in different autoimmune and auto-inflammatory disorders

12:20 – 12:40

Prof. Zahava Vadasz – Division of Allergy and Clinical Immunology, Bnai Zion Medical Center, Technion, Haifa
Regulatory molecules in biopsies of psoriatic skin

12:40 – 13:00

Prof. Yakov Berkun – Department of Pediatrics, Hadassah University Hospital, Jerusalem
Candle's Syndrome, what we can learn from a patient?

13:00 – 13:20

Prof. PierCarlo Sarzi-Puttini– Rheumatology, Sacco University Hospital, Milan
Biomarkers in rheumatoid arthritis

13:20 – 14:00

Lunch

Session III

Chairpersons: Prof. Alexandra Balbir (IL), Prof. Pier Carlo, Sarzi Puttini (It), Prof. Miri Blank (IL)

14:00 – 14:20

Prof. Maria Giovanna Danieli– Clinical Medicine, Polytechnic University of Marche, Ancona
Facilitated subcutaneous immunoglobulin (f-SCIG) in autoimmune cytopenias associated with common variable immunodeficiency

14:20 – 14:40

Prof. Yakov Naparstek – Department of Medicine, Hadassah University Hospital, Jerusalem
A liposomal steroid nano-drug for treating autoimmune inflammatory diseases

14:40 – 15:00

Prof. Carlo Perricone – Rheumatology, Sapienza University of Rome
Genetics of SLE/RA: a model of the mosaic of autoimmunity

15:00 – 15:20

Prof. Carlo Salvarani – Division of Rheumatology, Università di Modena e Reggio Emilia
Adult primary central nervous system vasculitis

15:20 – 15:40

Prof. Doron Rimar- Rheumatology Unit, Bnai Zion Medical, Center, Technion, Haifa
Tofacitinib in polyarteritis nodosa

15:40 – 16:00

Dr. Boris Gilburd- Zabludowicz Center for Autoimmune Diseases, Sheba Medical Center, Tel-Hashomer
Anti-drug antibodies in biological therapy

Adjourn
